

Working in partnership with your child's nursery.

We know that you are busy, and you don't always have time to catch up with your child's key worker when you pick them up. ParentZone is the free smart phone app which will bring you closer to your child's development in nursery.

With ParentZone on your mobile or tablet, you can see a timeline of your child's day at nursery so you know exactly what your little one has been up to.

You can see your booked sessions, update your contact details, send comments through to your key worker and even settle your bills all through your phone at a time that suits you best.

Over 30,000 parents are already using ParentZone to connect with their nurseries and help their children's development.

Do you want to join them?

Take this poster to your Nursery Manager and ask them to contact Connect Childcare to sign up to ParentZone.

Once your nursery has signed up, download your free app from the App Store or Play Store and never miss a moment again!
