

Charlies

Safeguarding support

Oct 2018

To ensure the safety and well being of children at all times

Charlies

PANCO – Physical Activity and Nutrition Coordinator

To promote change and develop an ethos that supports the prevention of obesity and health and well being of children, families and staff.

Charlies

Food for Life Project

Developing a positive Food Culture.

Is an evidence-based best practice guide to promote the health and well-being of babies and young children.

To support children in developing good eating habits, knowing how to keep themselves healthy and make informed choices about healthy eating and fitness.

Charlies
